With F.M.L.

A floral industry of special nature is operating west of Cameron on US 190-SH 36.

It is Elley's Greenhouses, run by Mrs. Louis Elley, who explained the special operation to Cameron Rotarians Wednesday.

The Elleys specialize in African violets, having gained the widest selection of the fragile blooms in this part of the nation.

The reputation is so wide, it is all but overlooked locally. People visiting Cameron specifically to see the Elley African violets caught some Cameronites short.

But the Elleys and the African violet seekers, these people from Shreveport, met and discussed their common interest and the growing Elley business.

The Elleys, incidentally, grow the rare orchid plants, which require the same climatic conditions as the violets.

Cameron vicinity proves to be a veritable greenhouser's delight. Glass, the Florist does well in large blooming plants, shipped all over Texas. And Kahler Co., specializing in potted plants and some flowering plants, serves a wide part of Texas. The Lawhons have been successful at greenhouse tomatoes nearby.

And the Elleys are sending upward to 10,000 plants a year now to such disparate places as Alaska, New England, Louisiana and most of the 50 states.

Mrs. Elley recently was asked, and accepted, an invitation to address an African violet interest group in Shreveport. She likely explained the broad interest in the flower as well as she did here Wednesday.

Advertising in trade journals, the Elleys have developed a wide reputation in growing the largest variety of the African violet. She has 30,000 plants in various types now.

To a flower (among other things) ignoramus like me, that's a blooming big business for such a little flower.

108-108-108

"What does Joan's new swimming suit look like?" one girl asked the other.

"Well, in most places it looks like Joan!"

-- Texas Outlook

This is the car, stalled at the Gillis Street crossing, which was struck by a Santa Fe freight last Thursday afternoon. Three persons died when the car swung into at least two of them outside, while two helpless survivors watched. One of the victims, Mrs. Clayton Baker, was trying to get one of the children out, according to officials.

Help! FHA Designates Area Emergency

LOANS AWAIT DRY-STRUCK AG INDUSTRY

Drought conditions in Milam County which continued to concern the agriculture community brought an emergency designation from the Farmers Home Administration this week.

Henry N. Ivey, FHA county supervisor, said official notice had been received that effective immediately Milam County has been designated as an emergency county, thus authorizing Farmers Home Administration to make emergency loans.

Ivey said the emergency loans would be made at the rate of 3 percent interest to eligible applicants who suffered losses from the extreme drought conditions, and who are unable to obtain private credit at rates and terms that they could be expected to meet.

Ivey said 12 counties had requested the emergency status. "Williamson and Bell counties received the emergency designation along with Milam County," Ivey said, "and others will probably be approved."

"The emergency designation is based on drought conditions since last October," Ivey added. He said lack of rains in the fall had caused less reseeding of pastures and termed pasture conditions going into winter "critical". He said grain crop income had not been affected, but cotton was expected to be about 50 percent below normal.

The emergency loan funds may be used to replace productive livestock liquidated due to drought, renovate or resod pastures lost due to the drought, purchase feed, seed, fertilizer, insecticides, farm supplies, repair equipment and for other essential farm operating expenses.

Ivey said any farmer or rancher interested in this type of loan is requested to come to the Farmers Home Administration office in Cameron for further information and application blanks.

Withall, farmers and cattlemen still looked up and hoped for rain.

Over 2,000 Students

Classes Awaiting

Cameron schools will open Tuesday, September 5, with about 1,650 students expected in the public schools and 200 at St. Anthony School.

Buckholts school will start classes Friday, September 1, with an expected enrollment of 160 students.

D. R. Dodson, superintendent of Cameron public schools, said the school census indicated 109 first grade students in Ben Milam School and 50 first graders starting in O. J. Thomas School. He said beginning students would register Monday, August 28.

Vacancies still remained in the teaching staff with openings for a high school commercial teacher, assistant coach, two special education teachers, 4th grade teacher and OJT girls physical education instructor.

Cameron teachers will have in-service training Thursday and Friday, August 31 and September 1. The training session will include general orientation, demonstration of audio-visual equipment, meetings with principals and in teacher groups to coordinate work.

ST. ANTHONY SCHOOL

Registration for St. Anthony School will be from 9 a.m. to 12 noon Thursday (today) and school will open Sept. 5. Sister Relindis, principal, said classes would meet for half-day sessions Sept. 5 and 6 with the first full day of instruction Thursday, Sept. 7.

She said three new classrooms now under construction will be ready for opening of school.

Teachers at St. Anthony this fall will be: Sister Gertrude, 1st grade; Mrs. Jerome Darilek, 2nd grade; Mrs. Vance Werner, 3rd grade; Mrs. Margaret McCloud, 4th grade; Miss Katherine Sproull, 5th grade; Sister Miriam Joseph, 6th and 7th grades; and Sister Relindis, 8th grade.

BUCKHOLTS SCHOOL

Classes will begin September 1 at the Buckholts school with new students registering August 25 and high school registration from 9 to 12 a.m. August 30. Mr. Leon Brady, superintendent, said the first day of school would be a full day with the lunchroom in operation.

He noted that adult basic education would be taught at the Buckholts School this fall. The night classes are for adults with 8th grade or less education. Interested students can enroll when public school opens or they can contact the adult education teacher, Miss Ruiz.

Information on Rogers and Milano schools is on inside pages.

RIN TIN TIN PUPS 'STAR' AT GERICKS

Nine descendants of Rin Tin Tin, canine motion picture star of the 1930s have taken over at the Joe Gerick home west of Cameron.

Eight puppies, now 6 weeks old, are descendants of the famous Rin Tin Tin through their father, owned by Mr. and Mrs. Gerick. Mother of the handsome litter is a registered German Shepherd, also a family pet of the Gericks.

Mrs. Gerick said it has been an endurance test not to let the puppies become too attached to them. "It is important for German Shepherds to be attached to only one master," she said, "but they are too cute not to pat occasionally."

The Gericks bought their male German Shepherd, who bears an exact likeness to Rin Tin Tin, in Lubbock. The eight puppies are his first off-spring.

Mrs. Gerick said the puppies were all AKC registered and were ready to be sold, "if I can make myself part with them," she added.

They are advertised for sale the first time in this week's classified page of The Herald.

City Council Sets Tuesday Meeting

The Cameron City Council will meet at 5:30 p.m. Tuesday, August 22 at City Hall, for a regular business meeting.

Repairs on the fire alarm system were made this week following complaints by city residents that the siren sounded for an unnecessarily long period.

2 NEW TRIES SCHEDULED IN MILAM OIL AREA

By Lloyd Albertson

Milam County's booming North Milbur Field had one new wildcat scheduled at mid-week, and on the other side of the county a 2,000 foot Edwards Lime wildcat located north of Buckholts was due to have rig moved in and spud.

The new North Milbur wildcat will be the J. M. Huber Corp. and R. E. Smith No. 2 W. P. Hogan. Location is on the same 173.57 acre lease in David Van Veighton Survey where their No. 1 Hogan was brought in three weeks ago.

Drillsite is 933 feet southwest of the No. 1 Hogan and some 3,000 feet southwest of Luling Oil & Gas Co.'s No. 1 Joe Martin, discovery well for North Milbur.

Potential was filed last week by Huber and Smith for their No. 1 W. P. Hogan, showing it pumped 62 barrels of oil per day on perforations at 2,695-707 feet from the basal Wilcox.

Potential figures also have been released on Huber and Smith's No. 3 H. H. Coffield Unit, drilled a couple of months ago. The No. 3 Coffield pumped 67 barrels per day on test.

Little information has been released about the J. M. Huber Corporation's deep wildcat, the No. 1 Robie Love, located three miles south of Milano.

Reportedly the wildcat has been drilled to its objective, the Edwards Lime, but found no shows. The Love is permitted to 6,400 feet. There is speculation that drill crews may attempt to test other formations, possibly the Wilcox or Poth.

The test is located three miles northeast of the North Milbur Field, nearest production. At last report the wildcat had not been abandoned.

Milam County's other Edwards Lime wildcat, to be drilled by a Bryan operator, Frank A. Krc, Jr., some 2½ miles northeast of Buckholts, has been waiting on a rig.

However, Krc expected rig to be moved in on Wednesday and spud this test. It will be the No. 1 W. E. Coufal, located on an 849 acre tract in Jose Antonio de Pena Survey and permitted to 2,000 feet.

Blow-Out Causes Major Accident

A tire blow-out caused a major accident on SH-36 Saturday 2 mile south of Milano. Mrs. Beverly Richey Stowe and her 1-year-old daughter were injured in the accident and were treated at Richards Clinic in Rockdale.

Highway Patrolman Milton Wright said Mrs. Stowe had a blow-out on a 1963 Chevrolet which she was driving. It caused her car to sideswipe a 1965 Pontiac driven by Emmett Smith of Bryan. Wright said both cars were heavily damaged.

New Sports Editor Joins Herald Staff

Fritz Pratt, Yoe High junior joins The Herald staff as sports editor this week. Son of Mr. and Mrs. Wesley Pratt of Cameron, the 16-year-old is already grounded in writing and in the sports field.

He was sports editor for Ada Henderson Chant and won the 1965 junior ready writing district competition, and has been writing short stories for four years.

Pratt's sports background includes playing 8th grade and freshman football, B Team basketball and track.

Fritz Pratt

SERVICES SATURDAY HERE . . .

Three Die In Collision

Funeral services Saturday were held for all three victims of a car-train crash at 2:43 p.m. last Thursday at the Gillis Street crossing of Santa Fe Railroad in Cameron.

Dead were: Mrs. Clayton (Thelma Nadine) Baker, 31, of Temple; Rebecca Lynn Baker, 5, her daughter, of the Temple home; and Valarie Conner, 8, Mrs. Baker's niece, of Houston.

Mrs. Baker and her daughter were killed at the scene. Valarie died of multiple fractures at St. Edward Hospital at 6:35 p.m. She had been rushed there, along with two survivors, by ambulance.

Surviving are: Tammy Baker, 8, Mrs. Baker's daughter; and Janice Baird, 17, of Wichita Falls, a visitor in the Baker home. They were treated for shock and released Thursday afternoon.

Services for all three victims were 2:30 p.m. Saturday at First Baptist Church, Cameron, with the Rev. R. B. Baker officiating. Burial was in Oak Hill Cemetery, only about two blocks from where the accident occurred.

BRAKEMAN INJURED

W. B. Hamm, of Temple, brakeman on the 90-car Santa Fe freight, was treated in a Temple hospital, later released. He had fallen from the cupola of the caboose to the floor, one official said.

Peace Justice Jess Brock declared in the death certificate that Mrs. Baker and her daughter, Rebecca, died of multiple fractures at 2:43 p.m. Thursday. Mrs. Baker was pulled under the slow-moving freight and her daughter was thrown under a concrete signal system at the Gillis Street crossing.

Justice Brock said witnesses said Mrs. Baker was trying to get one of the girls out of the stalled car, a 1962 Buick Special station wagon, when it was struck by the train.

Valarie was thrown about 50 to 75 feet down the track and Rebecca into the signal apparatus which had been knocked down by the careening car, totally demolished.

Tammy Baker and Miss Baird exited from the car, crossing the track. Mrs. Baker was out of the car, along with Rebecca, trying to get Valarie out when the collision occurred. The girls had been playing in the back seat with dolls.

The car was stalled about two-thirds across the track, heading southeast, Justice Brock said. The train hit the right rear of the vehicle, knocked it around and crumpled it.

Train engineer was L. M. Garvin, brakeman was R. Honeycutt and conductor B. T. Davis.

Mrs. Baker was born October 6, 1935, in Cameron and lived most of her life here. She and her daughter are survived by: her husband, Clayton Baker, of Temple; one son, Clayton Eugene, Temple; one daughter, Tammy, Temple; parents and grandparents, Mr. and Mrs. K. A. Conner; a sister and aunt, Mrs. Que Baird, of Wichita Falls; a brother and uncle, Kennard Eugene Conner, of Porter; and maternal grandmother and great grandmother, Mrs. Lillie Walker, of Davilla.

Surviving Valerie, born August 15, 1960, were: her parents, Mr. and Mrs. Eugene Conner, Porter; one brother, Kennard Eugene Conner, Jr., of Porter; maternal grandparents, Mr. and Mrs. K. A. Conner of Temple; and maternal grandmother, Mrs. Carrie Gaines of Cameron.

Cameron Scout Named Vice-Chief Of Tejas OA Lodge

A Cameron Scout last week was named vice-chief of the Tejas District Lodge Order of Arrow.

John Posival, of 303 South Nolan, of Troop 191, drew the honor. He was among three Cameron Scouts who attended the Order of Arrow summer convention.

Lane Horstmann, of Troop 52, and Felix Matula, Jr. also Troop 52, also attended.

Six Cameron Scouts were nominated for Order of Arrow. They were Lawrence Zotz, Doug Storey, Mike Posival, Ray Rylander, Billy Van Eanes and Bill Storey.

Rosebud nominated four Scouts, Rockdale two, and Calvert four.

Nominated from Rosebud were: Larry Zabcik, Craig Houpt, Tim Kirksey and Tom Kirksey.

WEATHER NOTES

Official temperatures in Cameron the past week ranged from a sweltering 103 to a cool 59 but substantial rains continued to avoid the Central Texas area.

Teen Center Board Named

Planning continued this week for a Teen Center in Cameron with hopes for at least the beginning of a Center by mid-September.

An adult advisory group meeting last week appointed a board of directors for the proposed Center with representatives from each high school class. Mark Meyer and Diann Kurtz will be co-chairman of the board and members are: Connie Mowdy, Richard Schiller, Carolyn Mitchell, Bill Perrin, Clint Schofield and Margaret Perkins.

The student board will meet this week to draw guidelines and determine needs for the center. A meeting has also been set for student directors to meet with adult advisors next week to review plans.

Primary concern for the Teen Center planners is a building that could accommodate about 200 for dances, recreation tables, juke box and soft drink machines. Directors voiced hope for a center that would be open after school and on Friday and Saturday nights. Volunteer adult sponsors would be needed at the start with a goal of employing an adult director in the future.

Mrs. Edward Schiller, chairman of the advisory committee, said several pledges of money to open the center had been volunteered and parents of teenagers had expressed strong interest in the center.

"The actual opening of the Center is going to be up to the students," Mrs. Schiller said, "we will be available to help and to guide when they need us, but we feel that it is going to be their Center and if it is to be successful it must be their planning and work."

Band Hall Named . . . .

CISD Budget Approved

The Cameron District School Board Thursday approved a $674,096 local-state school budget and early this week received approval of federal funds totaling $129,381, according to Supt. D. R. Dodson.

And the Board, chaired by Coleman Duncum, voted to name the new metal band hall under construction the J. Francis Cox Band Hall, honoring the Yoe High School band director who has directed YHS bands since the early 1930's.

Foundation of the 50 by 80 foot band hall is being constructed on the site opposite Yoe Gymnasium, once used as a parking lot.

Sanding and finishing of exterior brick and limestone continues at Yoe High School. Work will be completed about the time school opens, September 5.

TOTAL $803,477

Total budget for the CISD, including federal Title I funds, but not funds under Titles II and III, and summer programs, will total $803,477, Supt. Dodson told The Herald. Last year's total budget was $795,812, including all Title funds from the federal government.

He estimated all funds for 1967-68 would total about $830,000. The local tax rate remains $1.50 per $100 valuation.

The Board also employed three new teachers.

They are: Lanell Daniel, fifth grade teacher; Oscar Wilhite, O. J. Thomas band music; and David Siler, Yoe High School science.

And the Board approved low bids for the year from:

--Cafeteria milk, Pure Milk Co.; gasoline, Mobil Oil Co.; and bus servicing, Mack's Oil Co.

Supt. Dodson noted that a "Blackboard by Wire" system is planned for Yoe High. Work is being completed on refurbishing the old gym beneath YHS Auditorium for the experimental program.

BLACKBOARD BY WIRE

Receiver equipment, similar to a television screen, will receive impulses transmitted by telephone line from A&M University. An instructor in College Station would write problems on an electronic screen which would be duplicated on the YHS screen.

Two-way voice communication would be maintained so students here could hear the instructor and ask questions. But they would not see the instructor, only his work on the "blackboard by wire."

Dodson said the plan would offer related math and physics courses and adult education possibilities in an "enrichment" program.

He said plans, if completed, would see installation of such equipment both in O. J. Thomas and Yoe High Schools.

PONY LEAGUE CHAMPS - Buckholts team finished first in area Pony League this season. Back row, left to right: David Henson, Jerry Zelisko, Alan Barkemeyer, William Lehmann, Norman Haisler, Coach Joe Mendoza. Front row, left to right: Coach Herbert Thompson, Steve Mendoza, Gordon Haisler, Arthur Layton, J. Zelisko, Coach Tony Mendoza. Not pictured: Floyd Mendoza, Richard Kudlacek.

60 Yoemen On 'Two-A-Day'

By Fritz Pratt

Monday found 60 Yoemen gridsters back on the field for the '67 season. Facing the task of shaping the boys into a working unit are Head Coach Ken Fuqua and assistant coaches Stanislaw and Glasscock.

A general workout consists of passing and blocking drills, followed by agility drills to loosen up players and sharpen reflexes. More blocking and passing drills follow, covering both offensive and defensive movements.

Next comes a scrimmage between a divided Yoe squad; a workout may wind up with windsprints.

The Yoe gridsters go through something like this twice a day, 5 days a week. It appears to be a sure way of snapping the Yoemen back into shape.

Posted in the varsity locker room this season are seniors David Barrett, Charles Buchanan, Paul Chandler, Dennis Chapman, James Dohnalik, Glenn Fogle, Al Hefft, Dwight Jekel, Wayne Kirk, Jim Lafferty, Charles Maddox, Mike Miller.

Juniors Ricky Bradley, John Etzfeldt, Darrell Fisher, John Hosch, James Nachlinger, David Shuffield, Tommy Terrell, and John Urban are on the prospective list.

Also coming out this year for the Yoemen are Gary Huntsman, David Bowen, Dennis Crouch, A. J. Hurtik, Robert Kopriva, Doug Marburger, John Mayer, Martin Mueck, Bill Perrin, Ronnie Richardson, Johnny Steamer, Sammy White, Marvin Young.

And Mike Darilek, Gary Allison, Cris Applin, Johnny Bailey, Gary Brantley, Robert Brashear, Richard Chamberlain, Bobby Conley, Van Eanes, Gordon Fisher, Arthur Hanel, Robert Kretschmar, Joe Lewis, Carroll Michalka,

Also James Mueck, Harry Perrin Jesse Reyes, Jerry Richardson, Charles Riola, Danny Robbins, Dale Schigut, Clint Schofield, Gary Strutz, Norman Trubee, Jay Tumlinson, Ed Whitley, Mike Zajicek, and Kenneth McLerran.

There is a good chance for Yoeman pre-season scrimmages with Gatesville and Bellville.

Players quartered in the varsity locker room don't expect to remain there all season. As new talent or injuries show up, the room may receive different tenants. Yoemen presently occupying this locker room have proved themselves worthy of advancement by last years performance.

Rockdale CC Fall Golf Tournament

ROCKDALE

The fourth annual Rockdale Country Club Fall Golf Tournament featuring $1,200 in prizes, will be held Saturday and Sunday (Aug. 19-20) with a turnout of about 200 participants expected.

Medalist will receive a set of irons and the runner-up a set of woods. There will also be five blind-bogey flights with the following prizes in each: first, set of woods; second, golf bags; third, dozen balls. Prizes in the chipping and driving contests will be: first, golf bags; second, putters; third, head covers.

Players may play their 18-hole rounds either day. Entry fee is $7 and includes a barbecue beef meal. Personal carts are permitted.

Texas Draft Quota Under August Call

AUSTIN

State draft boards will be called upon to furnish 1,180 men for the armed forces in September, Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

This compares with quotas of 1,421 for August, 974 for July, 975 for June, 885 for May, and 675 for April.

The Selective Service boards will forward approximately 4,000 men in September for pre-induction examination, Colonel Schwartz said, and they have scheduled 6,220 for this exam in August.

Local board quotas for induction and pre-induction exam in September already have been figured and sent to the state's 155 draft boards.

The Texas quota of 1,180 for September is the state's share of a national call of 25,000, all for the army.

ROGERS PEP SQUAD

The Rogers High School Pep Squad will have a summer meeting on Tuesday, August 22, at 7:30 p.m. at the high school gym. New yells will be taught by the cheerleaders: Carolyn Williams, Linda Skrabanek, Mahonna Pinkston, and Karen Schneider. All members are urged to be present. Miss Brenda Hatcher is sponsor of the group.

Doubles Tourney To Continue This Week

The Cameron Association Doubles tournament had a good turnout this past week end with 35 entries. The tourney will continue through Aug. 19 and 20, with openings on both days. There is still plenty of time to get your entry forms in. To date the following are leading in scores:

Doug and Thelma Brown, 1st place - 1238; Joe Zarosky and Irene Mees, 2nd - 1183; Albert Michalka and La Verne Slavik, 3rd - 1182.

Anyone interested in participating is urged to get in touch with La Verne Slavik, tournament manager.

Milano Schools Start Classes August 30

Classes will begin at Milano schools August 31, with registration for high school students only beginning at 2 p.m. August 30. Buses will run on schedule the first day.

Faculty will remain the same, according to Supt. R. L. Porter. Nov. 23-24 will be Thanksgiving holidays, with classes dismissed for Christmas from Dec. 20-Jan. 1.

Carol Ann Crook On Dean's Honor List

Carol Ann Crook, daughter of James E. Crook, Cameron, is on the dean's honor list for the spring semester at Baylor University, Waco.

She is one of 180 students with grade average of at least 3.60 who attained the distinction.

PONY LEAGUE NAMES AREA ALL - STARS

Area Pony League teams wound up their summer baseball with the selection of All-Star Players from Rosebud, Buckholts, Thorndale, and two Cameron teams.

All-Star catchers are Raymond Puente, Rosebud; and Floyd Mendoza, Buckholts. Pitchers are Mike Darilek, Cameron Blue; Arthur Layton, Buckholts; and Ronnie Paris, Thorndale.

Players include Craig Houpt, Rosebud; Larry Laffere and Francis Cook, Thorndale; Norman Haisler, Buckholts; Robert Brashear and Timmie Tucker, Cameron Green; Marvin Young, James Mueck, Jerry Richardson and Ronnie Richardson, Cameron Blue.

Pony League managers expressed their appreciation to persons and business firms in the area who helped make the past baseball season a highly successful one.

Special Train For UT-So. Calif. Game To Stop In Cameron

A special train from Texas to Los Angeles for the University of Texas - Southern California football game September 23 will stop for UT fans in Cameron, according to Dave Tipton, organizer for the trip.

Cars will leave from both Houston and Fort Worth and join in Brownwood for the trip to California. The Houston train will stop in Cameron and Temple to take on passengers.

Tipton, news editor of the Fort Worth Star Telegram, said the all-expense trip will cost $215. It will include pullman fare, all meals on the diner, private club car, accommorations at the Biltmore in Los Angeles, cab and chartered bus fares in LA and game tickets.

The special train will leave Cameron at 10 a.m. Thursday, Sept. 21 and arrive in Los Angeles at 12:10 p.m. Sept. 23. It will depart at 1:15 p.m. Sept. 24 for the return trip, arriving in Cameron early in the morning of Sept. 26.

Additional information is available from Tipton at the Fort Worth Star Telegram. Deadline for reservations is September 1.

Doctor Outlines Measures To Prevent Athletes Heat Injuries

AUSTIN

Nonfatal heat injuries, such as heat exhaustion and heat cramps, which continue to occur in athletes "by the hundreds" each year are completely preventable, according to a Texas physician.

Dr. Cone Johnson, of the Department of Physiology at Scott and White Memorial Hospital, Temple, outlines several measures that can prevent heat injuries to athletes in an article entitled "Playing It Cool" in the August issue of Texas Medicine, the Journal of the Texas Medical Association.

As athletes begin training for sports events, they are likely to be working during the hottest days of the year. Some athletes have spent the summer working in air-conditioned surroundings and others have perhaps been sedentary and lax in keeping fit. Both types are actually unfit to begin football practice in August without certain precautions being taken, Dr. Johnson says.

Some of the general principles he lists for proper protection of athletes include the following:

1. A thorough physical exam.

2. Although daily exertion in the heat will acclimatize most athletes in 12 to 15 days, exposure should begin at least three weeks before the first full practice session, and athletes should wear only T-shirts and shorts during at least the first 5 to 7 days.

3. Heavy gear should be introduced gradually before work-outs become strenuous.

4. Players should wear short-sleeved, light-weight uniforms and short socks and keep taping to the minimum required until cold weather. White material (to reflect heat) that is loosely fitting and permeable to moisture is preferable.

5. Provide 15 to 30 minite rest periods every hour when feasible. During these breaks or at half times, jerseys should be lifted and helmets removed, and cool breezes in the shade should be sought at all times.

6. A chart should be kept with records of individual weight losses. A sweat loss equaling 3 percent of the body weight may significantly impair work performance and body cooling.

7. There should be no hesitation in providing water, salt, and potassium on the practice field and during games to replace the water and minerals, hour by hour, lost by sweating. Adding 1 teaspoon of salt and two small cans of frozen orange juice to a gallon of water used for drinking is the smallest approach.

8. Weight loss should always be minimized, and foods high in potassium such as bananas, cocoa, and orange juice should be encouraged so long as salt intake is encouraged.

9. Humidity and temperature should be watched carefully and exposure broken up or rescheduled when either or both are high.

Dr. Johnson concludes his article by stating that these simple measures are only general ones. He adds that knowledge of pre-season conditioning, the appearance of the athlete, the state of his hydration and or weight loss, the amount of work required, and the cooling powers of the environment must be constantly reassessed in order to protect athletes from serious heat injury.

• Burlington

By Mrs. Gerald Foshea

David Priddy preached at the Burlington Baptist Church Sunday August 13 with 27 present. Sunday August 20 will be his last service as he is leaving for New Orleans to enter the seminary there.

Among those visiting were Mr. and Mrs. M. L. Light and Glen of Rosebud, Mrs. David Priddy and children, and Ruth Ann Garrett of Rosebud.

Mr. and Mrs. H. G. Taylor of Little River and Mrs. Delbert Ivey and Tommy of San Antonio visited Mrs. Joe Ralston in the home of Mr. and Mrs. Gerald Foshea. She returned to her home in Temple Wednesday after spending several days in Halberts Hospital at Rosebud.

Mr. and Mrs. W. G. Marek, Brenda, and Charles went to Mesquite Thursday to welcome Stephan Allen in the home of Mr. and Mrs. Billy Wayne Marek.

William Foshea, Ricky Archer, and Donna Marek visited Mr. and Mrs. Billy Wayne Marek and Stephan Allen of Mesquite this weekend.

Mr. and Mrs. Gerald Foshea, Mrs. Thomas Polk and boys, and Mrs. J. T. Prescott visited J. J. Foshea in the home of Mr. and Mrs. George Poole and boys of Waco Sunday evening.

Donnie Mihatsch of Temple is spending the week with his grandfather, Frank Ranly.

Major and Mrs. John Meek and family of Topeka spent several days in the home of her parents, Mr. and Mrs. Phil Krause. Those visiting over the weekend were Mr. and Mrs. David Krause of Victoria, Mr. and Mrs. James Bostick and daughters of Fort Worth, and John Martin of Ennis.

Mr. and Mrs. Billy Wayne Marek of Mesquite are the proud parents of a son. He has been named Stephan Allen.

The cotton harvest is progressing well. Wolf and Son Gin has ginned 353 bales up to Monday.

4-H CLUB ACTIVITIES

Three Milam County 4-Hers attended the State 4-H Horse Show held August 10, 11 and 12 at Odessa. These three were Shelly and Renda Roddam, and Murray McDermott. Shelly and Renda and their horses did very well at the show.

With 108 entries in the barrel race Shelly placed 28th with a time of 17.58. The winning time was 16.40. Renda placed 21st out of 100 contestants in pole bending with a time of 23.66. The winning time was 21.47. Renda also got in the finals in the Western Pleasure. There were 114 contestants in this division and only 26 made the finals. Out of these 26 10 received places. Renda did not make the first 10.

Murray did not get to participate in the show due to an injury to his horse's leg.

Others who made the trip included Mr. and Mrs. Don Roddam, Sandy and Ward; Mr. and Mrs. Lyle McDermott and Martha; and Mr. and Mrs. Ronny Bailey.

4-H CAP

Plans for the Milam County 4-H Camp are in full swing. The camp will be held August 22, 1967 in Ledbetter Park in Cameron.

ALL DEPARTMENTS: OX 7-4671
Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879. Published every Thursday.

Salem New Water Center . . . .

Announcement of approval of the Salem - Elm Ridge water system is timely and is just about the last link in the chain of community water systems around Milam County.

This is at a time when drought hovers most of the Southwest and finds grass scorched and water supplies such as tanks dry.

If our recall is correct, in the past few years such systems have been completed, approved and applied for in Baileyville, Milano, North Milam (Yarrelton - Burlington), Branchville, Marlow, Minerva and Gause

These ring Rockdale, Cameron, Buckholts and Thorndale, who previously had community water systems. Thorndale's supply is, in part, drawn from the Brushy Creek Water Control District.

The Salem system is said to plan use of Cameron water with some kind of link, instead of drilling a well. It would be practical and give additional customers to the Cameron system, drawing water from Litle River.

City of Rockdale is drilling a new well for a more stable water supply.

So Salem joins the whole county in getting water at a time when everything else is dry.

'Blackboard By Wire' . . . .

Cameron aspires for distinction in fields other than band and football in a new system linking Yoe High School with A&M University for "enrichment" math series.

The old Yoe Gymnasium, under YHS Auditorium, is being refurbished for "Blackboard by Wire."

This experimental program will offer math, physics and relate courses for students and adult education clases.

It will include a screen, which actually wil be a receiver showing series of problems written with an electric "stylus" by an A&M instructor in College Station. The impulses will be transmitted over leased telephone line to the YHS receiver. It will also have two - way communication, but no live pictures of the instructor.

Supt. D. R. Dodson said it is strictly experimental, and Cameron will be one of the few in the East Texas area undertaking it.

Some years ago, A&M considered an educational TV station. Rosebud is setting up antenna to receive such programming, probably from Austin. But continuing survey of higher education in Texas may recommend a statewide network of TV education stations with antennae at various points in the state, precluding individual stations.

Thus, "Blackboard by Wire" could be an interim experiment in advanced education technic in Cameron District Schools. It is a means to further improve the improving educational program in this area.

World Time . .

Uniform time is fine. Clocks in every time zone should be synchronized, whether under standard time in winter or daylight time in summer. However, the suggestion of Leonard Jaffe, director of space applications programs for the National Aeronautics and Space Administration, that the whole world have one time, goes much too far.

Under Mr. Jaffe's plan, it would be noon in all parts of the globe at the same time. This could be in the middle of the night in Portland and at midday in Moscow. Satellite communications, by which everyone in the world would watch the same live television program at the same instant, and supersonic transportation will make this possible, he told the Armed Forces Communications and Electronics Assn.

So that people wouldn't have to work all the time in the dark and sleep or watch prime programs by daylight, Mr. Jaffe would cut the length of day to 23 hours and 56 minutes. This, he said, would give everyone an equal number of days in each year with sunlight during working hours.

Some opponents of daylight time contended it confuses the cows. Jaffe time would be even more confusing for the milkman and all the rest of us. So far as we're concerned they can tape their satellite TV programs and show them at our convenience. If present shows are a criterion, few will be worth watching anyway.

—The Oregonian

Dateline Austin . . .

Needy Texans Look To Medicaid

By Vern Sanford
AUSTIN

State and hospital officials are confident the far-reaching new medicaid program will begin functioning as scheduled on September 1.

Program will bring medical and hospital benefits to 350,000 needy Texans. It is authorized by the same federal law which provides medicare to old folks.

Texas Department of Public Welfare, which will administer medicaid, estimates benefits during the first year of operation will total $125,000,000. Federal funds will match a $26,700,000 state outlay on a four-to-one basis.

Points to remember:

—Eligible for benefits are Texans on public welfare assistance rolls -- old age assistance, aid to blind, families with dependent children and the totally and permanently disabled, or those eligible for such assistance who are patients at state mental and tuberculosis hospitals. (Coverage is automatic for the latter, with no application as such required.)

—Services include in-patient and out-patient hospital care, diagnostic work such as laboratory fees and x-ray costs, doctor bills and nursing home charges.

—Bills will be paid through a "fiscal intermediary". Welfare Department will contract with Blue Cross - Blue Shield to handle doctors' bills (on strict basis of prevailing charges). Hospitals will be paid actual costs as shown by audit. Blue Cross - Blue Shield will be reimbursed by the state and will receive an additional service fee.

—Eligible welfare enrollees will receive identification cards from the Dept. of Public Welfare. Cards can be presented to insure care as limited by details of the federal act (Title 19).

APPOINTMENTS

Major legislative committee and state agency appointments have been announced.

Lt. Gov. Preston Smith named the Senate General Investigating Committee with Sen. Dorsey Hardeman of San Angelo as chairman. Other members are Sens. David Ratliff of Stamford, V. E. (Red) Berry of San Antonio, Bruce A. Reagan of Corpus Christi and J. P. Word of Meridian. Smith also placed Sens. Charles Herring of Austin and Henry C. Grover of Houston on Committee on Preservation of the Governor's Mansion.

House Speaker Ben Barnes named to Natural Fiber Study Committee Charlie Scruggs of Dallas, Charlie Schreiner of Kerrville, Roy Forkner of Lubbock, and Reps. Hilary Doran of Del Rio and Delwin Jones of Lubbock. Barnes put Rep. Rayford Price of Palestine on the House Interim Committee to study the Housing and Physical Care of Criminally Insane Persons.

Anthony R. Cartlidge is new chief enforcement officer of Texas Liquor Control Board, succeeding his former boss, E. A. Gordon, now retired.

Texas Fine Arts Commission elected Ted H. Strauss of Dallas as its new chairman.

W. O. Karpendo, former Federal Aviation Administration district airport engineer, will become chief engineer of Texas Aeronautics Commission on September 21.

L. H. Prodoehl of Austin is the first director of the state-operated information, education and referral service for mentally retarded.

UNDESIRABLE FISH STUDY

Texas Parks and Wildlife Commission will hold a hearing Thursday, August 17 to map rules and regulations for importation, sale or release of undesirable tropical fish or fish eggs.

Staff members will present a list of undesirable tropical fish, including 11 species and several members of the snakeheaded fish genera. Included among "undesirables": theAruana, three species of Piranha, the electric eel and electric catfish, Gar-pike, Pavon or Peacock bass, two species of South American catfish and the fresh water stingray. Snakeheaded fish have teeth, a big mouth and appetite to match and have been known to attack humans.

DRAFT QUOTA SET

Texas' 155 draft boards have received a quota of 1,180 men for September, reports Col. Morris S. Schwartz, state selective service director.

Quota compares with 1,421 for August, 974 for July, 975 for June, 885 for May and 657 for April.

Draft boards will forward approximately 4,000 men in September, all for the Army.

ATTY. GENERAL SPEAKS

Flamingo Isles Municipal Utility District can engage in navigation and reclamation projects along the Texas coast if approved by Texas Water Rights Commission, Atty. Gen. Crawford Martin has held.

In another opinion, Martin concluded that "de-dedication" of a two-acre Dallas cemetery tract, its sale to a bank as trustee of a perpetual care endowment fund and subsecuent lease to a licensed funeral establishment is legal.

PAID TOO MUCH?

Sabine River Authority employees working on Toledo Bend Project are paid too much money, according to Texas and Louisiana state auditors.

More than $16,900,000 has been spent by the two states on the giant multiple purpose dam and reservoir at Toledo Bend. Salaries since 1962 have totalled $623,917, audit report noted.

THE FAMILY LAWYER

Pay the Victim of Crime?

What happened to the holdup man who slugged the grocer? He went to prison, where society paid for his room, board, clothing, medical care—and education as well.

What happened to the grocer who was slugged? He went to the hospital, where he paid all his own expenses—and wondered whether society was giving him a square deal.

Vignettes like this have ignited a good deal of interest in the idea of paying compensation to the victims of violent crime. Folowing the lead of New Zealand and England, a number of states in this country have either enacted or are actively considering such plans.

The humanitarian appeal is plain. All too often, the criminal's victim has no insurance to cover this kind of a situation. As for his right to sue the criminal for damages, the chances of collecting anything are pretty dim. Thus he may suffer not only the physical ordeal of the crime itself but a financial ordeal as well.

On the other hand, the compensation idea has drawn some serious objections.

For one thing, the government does not undertake to compensate lots of other victims—just as innocent as the victims of crime. The person struck by lightning, however unlucky, must generaly fend for himself without a government check.

Furthermore, it may be difficult in a particular case to ascertain exactly how innocent the victim really was. Should a robbery victim get less because he had gone slumming in a tough neighorhood, just for kicks? Should a rape victim get less because she had been flirting with her attacker?

Still, whatever the problems, there is much public sympathy for the plight of the criminal's victim. For example, more than 60 percent of the people questioned in a recent Gallup poll were in favor of compensating the family of a murder victim.

Will the compensation idea turn out to be a boon or a boondoggle? So far, we have heard the voices of both optimism and pessimism. Soon, with several plans already in operation, we shall be hearing the most persuasive voice of all the voice of experience.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

c 1967 American Bar Association

OLD PHILOSOPHER

Dear editar:

According to a copy of a newspaper I found in the same ditch alongside the road out here near this Johnson grass farm yesterday with a note on it saying "I'm temporarily out of tin cans and bottles but will try to bring you some more next week," the cost of living index has gone up a few more points.

Talking about this, a neighbor of mine said he just didn't see how he was going to make it, every time he turns around things have gone up.

I agreed with him, to save an argument, but didn't tell him his trouble is he doesn't read the newspapers thoroughly enough.

For example, in the same issue was an article reporting that space suits astronauts will wear when they land on the moon will cost $60,000 apiece.

I got to thinking about this and decided my neighbor doesn't know how well off he is.

What if he was living on the moon with a wife and two kids? Did you know it would cost him $240,000 just to outfit his family in one suit apiece? And that just covers standard suits. Women's moon suits naturally will cost more, when you figure in the sequins and the lace. And think what it would cost Bobby Kennedy.

When you get down to figuring the other costs, say imported oxygen for the average family at $15,000 a month, rocket-delivered water at $500 a gallon, a 200-pound kitchen stove delivered from earth at a cost of $30,000, plus installation and possible moon sales tax, not to mention the weekly grocery bill which, considering how many food-laden rockets from earth will mis-fire and splatter on Venus or sail off into space indefinitely, will run I'd say around $20,000 for each trip to the store, provided you use lots of meat substitutes or buy the cheaper cuts, you can begin to see what the high cost of living really means.

All in all, I figure anybody making less than 5 million dollars a year can't afford to live on the moon, and that doesn't include deductions for Social Security and Withholding.

Me and my neighbor may be a lot better off down here on earth than we figured.

Yours faithfully,
J. A.

FORMER 4-H MEMBERS

More than 25 million men and women in the U.S. are former members of 4-H Clubs. Among them are many of the nation's leaders.

Keeping Up With Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado St., Austin, Texas 78701. He will welcome your questions.

Q -- For the purpose of college student deferments, is a junior college considered an institution of higher learning?

A -- Yes, if its credits are acceptable toward granting of a baccalaureate degree by a college, university, or similar institution.

Q -- How long can a person be deferred as an undergraduate college student?

A -- He can be deferred in Class II-S until he completes the requirements for his baccalaureate degree (if completed within the normal and specified time), until he fails to pursue satisfactorily a full-time course of instruction, or until he reaches age 24, whichever occurs first.

Q -- Will men who become fathers after the new Selective Service law became effective (June 20, 1967) be deferred in Class III-A?

A -- Evry case will have to be considered on an individual basis.

Q -- Does the new law make any change on fathers?

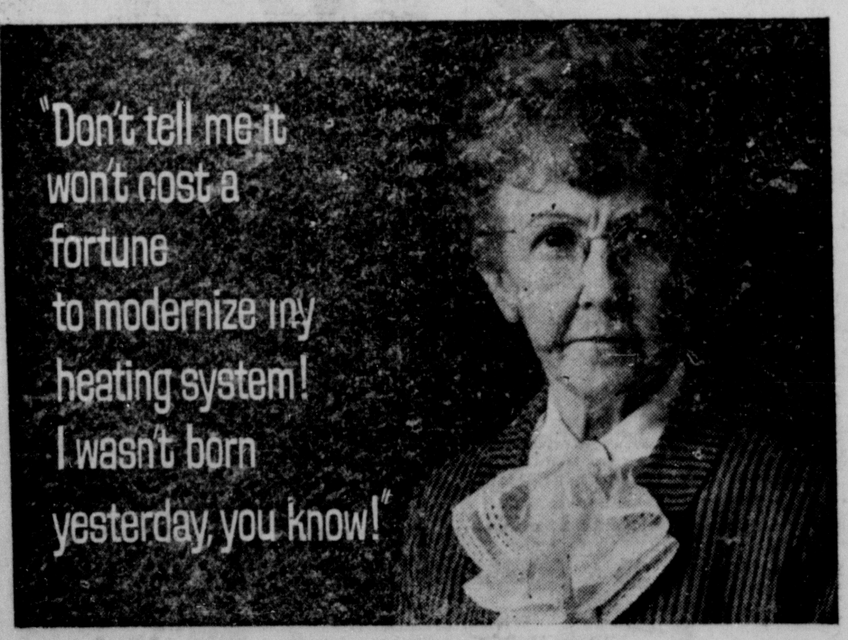
A -- Yes. Any man classified in Class II-S (college student) after June 30, 1967, can not, under the law, be classified in Class III-A as a father.

Q -- Can the college student who received a Class II-S deferment after June 30, 1967, receive a Class III-A deferment for dependency in any manner?

A -- Only on the basis of hardship to dependents, and the burden will be on him to prove hardship in the individual case.

Electricity has shortened our life expectancy. Power generated by BRAZOS ELECTRIC POWER COOPERATIVE of Waco and distributed by BELFALLS ELECTRIC POWER COOPERATIVE and 18 other member - owned electric cooperatives automatically awakens us with light early in the morning and doesn't let us go back to sleep until far into the night. As a result we are up longer, eat more and get fatter faster. We know cooperative service is something to crow about but do they have to do it day and night? BRAZOS ELECTRIC POWER COOPERATIVE is fine for a quarter million people in the Brazos River Watershed but if it were left up to us, there wouldn't be a kilowatt to cook with. So we are bringing our case to you. We get no sympathy from our mother, the brooder. She's electric also.

BRAZOS ELECTRIC
POWER COOPERATIVE INC., WACO, TEXAS



Excuse us, Ma'am, but your gas heating contractor or Lone Star Gas may have a pleasant surprise for you.

Let's be realistic. You're just going to have to spend some money to modernize your heating system. But it will probably be a lot less than you think. Especially now during August and September when gas heating contractors have more time to make installations and are offering special savings. There's a wide variety of modern, automatic gas heating equipment to take care of any situation—whether you're heating one room, several rooms or your entire home. Why not get a free estimate? Talk to a gas heating contractor or the folks at Lone Star Gas.

SUMMER GAS HEATING SALE

• San Gabriel

By Mrs. H. H. Linke

Pfc. David Eiland of Ft. Polk, La. spent from Friday until Sunday with Mr. and Mrs. Guinn Gifford and Louis. Also spending Sunday with them were Mr. and Mrs. Arnold Doss and son of Austin and Mr. and Mrs. Curtis Zieschang and children of Thrall.

Guests of Mr. and Mrs. Ralph Heisch Thursday were Mr. and Mrs. Ralph Paul Heisch and children of Bellville and Mr. and Mrs. Ernest Fiesler and daughter of Brenham.

Billye and Bobbye Limmer of Pasadena are spending several weeks visiting their grandparents, Mr. and Mrs. Buddy Limmer and Mr. and Mrs. Pat Evans.

Mrs. H. N. Fulcher acompanied Mr. and Mrs. Alfred Wilson back to their home in Temple for a few days visit after they had spent Sunday afternoon with her.

Mrs. F. W. Worley is a patient in the Johns Hospital in Taylor.

Mrs. W. W. Smith returned to her home here Wednesday after a month's visit in Hale Center with Mrs. W. E. Cannon, Sr.

Rev. James Dawson of Highland Lakes Baptist Encampment preached both services Sunday in the San Gabriel Baptist Church as the pastor is still on vacation.

Weekend guests of Mr. and Mrs. Ralph Heisch were Gladys and Cruso Heisch of Galveston.

Mrs. Andrew Garner's daughter and grandchildren, Mrs. Jack Stiles, Jackie, Marilyn, and Mark of Ardmore, Okla., spent from Wednesday until Sunday with her.

Visitors in the W. W. Terry home during the weekend for a family reunion were all their children and most of their grandchildren. They were Mr. and Mrs. Gayle Wright, Mrs. Lester Shendler and sons, Mike and Terry of Yoakum, Mr. and Mrs. Lawrence Wright and children, Tommy, Corby, Ronny, and Tracy of San Antonio.

Also Mrs. Pat Fletcher, Mrs. Holmes Pearce, Richard Pearce, and Mr. and Mrs. Fred Pearce and son, Sam of Dallas. Mr. and Mrs. Phillip Terry and sons, Steve and Clayton of Houston, Mr. and Mrs. James Terry, Lynette and Rocky of San Gabriel, Mrs. Lou Mostardi and children, Debbie and Steve of Newton, Pa.

Other relatives attending the reunion were Mr. and Mrs. Nathan Clark and Becky and Mr. and Mrs. Steve Clark of Thorndale, Dr. and Mrs. Bevell Cairns of Rockdale, and Mrs. Leah Anness, Mrs. Winnie Herron, and Mrs. L. L. Worley of San Gabriel.

Mrs. Bill Stigall and children of Houston and Mrs. Larry Henry and children of Fort Worth are spending this week with Mr. and Mrs. Harry Wayne Clark.

Pfc. Tim Worley, injured in Vietnam July 26, is slowly improving in the Navy hospital in San Diego, Calif. He has been moved from the neuro-surgery ward to the eye ward of the hospital.

Mad Mods To Play For CYO's Dance

The Cameron CYO is sponsoring a back-to-school dance on Saturday night, August 19, from 9 until 12 at Simon-George Hall in Cameron.

Music will be furnished by the Mad Mods of New Braunfels. The public is invited.

AGRICULTURE IS IMPORTANT

The next time someone tells you that agriculture isn't important, ask him to name another industry that spends $100 million every day of the year.

Ceremonies To Honor Mrs. Liz Carpenter, Col. Robertson Home

AUSTIN

The historicaly significant Col. E. Sterling C. Robertson Plantation complex at Salado will be the scene of ceremonies for presentation of two official Texas Historical markers, August 25 at 6 p.m.

The announcement was made today by Charles R. Woodburn, president of the Texas State Historical Survey Committee.

At that time, the Robertson Home will be designated a Recorded Texas Historic Landmark and Mrs. Mary Elizabeth Carpenter, a great granddaughter of Colonel Robertson and press secretary and staff director to Mrs. Lyndon B. Johnson, will be recognized with an official Texas Historical marker.

The marker will commemorate the public service of Mrs. Carpenter and is one in a series honoring Outstanding Women of Texas. The Robertson Home is Mrs. Carpenter's birthplace.

"The Robertson Home is especially significant because it has been kept in an excellent state of preservation by the family and has been occupied continuously by the Robertsons for four generations. The old homesite has changed little from the time it was built in 1852 and is now occupied by Mrs. Sterling C. Robertson, III," Woodburn stated.

CARD OF THANKS

We wish to express our sincere appreciation for the concern, help and sympathy shown by the people of Cameron during the recent illness and loss of our husband and father, Mr. Will I. Gjedde. We especially want to express our gratitude to the Rev. Frank Chapman, and other members of the Trinity Baptist Church who were so thoughtful and kind to us.

Mrs. Will I. Gjedde
and his children

By Vern Sanford

No artificial bait is superior to the real thing.

Often, however, an artificial lure can be manipulated in such a way as to appear more lifelike than the real McCoy.

But let's talk about live bait.

Trouble with live bait is that too many fishermen simply put these natural baits on their hooks any old way. Then they cast them out, and expect the fish to grab them eagerly.

An important thing to remember about bait fishing is to use baits that are indigenous to the water in which you're angling. A frog might not produce a bite if fished in a spot where there are no frogs. But drop one in a pond where frogs are abundant and more than likely you'll find a taker.

For example, let's consider the clear-running Llano River which snakes down through the granite and limestone country of central Texas. Two of the best baits to use in this stream, for both catfish and bass, are hellgrammites and crawfish. Both are plentiful here. You can find them around shallow riffles and by overturning large rocks. Both baits really pay off.

So, fish natural baits where they appear natural.

A friend from Brady was telling me about an incident on Brady Creek, a small stream near this central Texas community. He'd been fishing for catfish without success. Then one of his acquaintances came up the bank with a heavy stringer of channel cats. He said he'd caught them on jumbo yellow grasshoppers . . which were profuse along the grassy shoreline.

My friend put a "hopper" on his hook and tossed it out. He had plenty of weight to carry it to the bottom. For about 30 minutes he fished with no offering. Then he happened to notice a grasshopper misjudge its flight and fall into the water. Immediately there was a fast swirl and the "hopper" disappeared.

Eureka! This was it! He reeled in, removed the weight and captured another lively grasshopper. He hooked it through the collar, behind the neck, and pitcher it into the current. Old "hop" gave a few frantic kicks on the surface then vanished in a swirl. From that one spot my friend picked up nine nice cats.

Answer of course was to fish the bait without any hindering weight so that it would appear alive.

Often you can take channel cats simply by balling earthworms on a hook and putting the bait right on the bottom. Channel cats root along the bottom and feed both by smell and sight.

Black bass, on the other hand, feed visually. A black prefers something moving and alive.

To catch bass take a large worm and affix it to the hook so its ends are free, where it can wriggle. Use no weight. Simply let the worm float with the current and brace yourself for action.

I've taken numerous bass by "free fishing" a minnow, that is, using it without any weight.

I prefer a thin-wire hook, about a 3-0. In this case the minnow should be large, about three inches long or longer. Hook it through the hips just behind the dorsal fin.

Toss it beside a submerged stump or alongside a weed bed and let it struggle as it sinks. If there is a bass lurking there, very likely it will pounce upon this helpless creature.

Free-fishing with earthworms also pays off well on streams just after a rain, especially when the river is rising and is murky. Hook the worm as you would for bass and simply let it tumble naturally along with the current.

Rising water washes many worms and insects from the banks and cats will gobble anything which appears helpless in the current.

With a bottom rig, one of the most popular methods is to tie a heavy sinker to the end of your line, then add a dropper line with a hook about 18 inches above the sinker.

LEGAL NOTICE

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Edger H. Henderson, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable County Court of Milam County at the Courthouse thereof, in Cameron, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 27th day of September A.D. 1967, to Plaintiff's Petition filed in said court, on the 28 day of July A.D. 1967, in this cause, numbered 15,828 on the docket of said court and styled Ruth S. Henderson, Plaintiff, vs. Edger H. Henderson, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Suit for divorce, child custody and child support as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Cameron, Texas, this the 15th day of August A.D. 1967.

Attest: Grady Allen, Clerk, District Court
Milam County, Texas.

New Form Available For College Draft Deferment Request

AUSTIN

A new draft form on which undergraduate college students can request deferment has been furnished draft boards, Colonel Morris S. Schwartz, state Selective Service director, said Friday.

Undergraduates must request deferment under the new Military Selective Service Act of 1967 after the date of its enactment, June 30, in order to be deferred.

The form, titled "Request for Undergraduate Student Deferment (SSS Form 104)," reproduces pertinent provisions of Section 6 of the law dealing with student deferments.

On the form the student states his understanding of the provisions of law printed on the form, states he is pursuing a full-time college course, and asks for deferment in Class II-S then signs the form. The blank forms may be secured from local boards.

Colonel Schwartz said that requests for deferment could be made by ordinary letter, too.

"The form is for the convenience of students," he observed. "It will help them understand what the law provides."

Deferment of undergraduates in Class II-S is mandatory if they are full time and satisfactory, under 24 years old, and request deferment.

To be satisfactory, a student must make normal progress toward his baccalaureate degree. For example, in a four-year course, he will be expected to earn 25 percent of his credits in the 12 months following the beginning of each year.

VALPARAISO, Fla. Senior Master Sergeant Ben W. Adams (left), son of Mr. and Mrs. Ben Adams of Rogers, receives the U.S. Air Force Commendation Medal at Eglin Air Force Auxiliary Field no. 9, Fla., from Colonel William E. Bethea. (U. S. Air Force Photo)

Essay Wins Prize

"One Nation Under God" was the title of an essay on Americanism that won for Connie Ellis a first place in the district essay contest sponsored by the Fourth Degree Knights of Columbus of Cameron.

She also placed fifth in the Austin Diocese contest.

Connie, daughter of Mr. and Mrs. Billie Ellis of Cameron, is a recent graduate of St. Anthony School here. She will be a freshman at Yoe High this fall.

The essay reads:

In 1620 many of our forefathers' families set sail for America on the rugged ship called the Mayflower.

These families came to this new land because they wanted religious freedom, freedom of speech and all other just freedoms that they deserved. When the Mayflower failed to reach its destination they knew an agreement must be made. These families knew that this compact must have laws to obey and abide by.

They knew that they should make an agreement that not only is good for one, but for everyone.

When they had discussed all of these problems they drew up a document called the Mayflower Compact. This is known to all Americans as the beginning of democracy.

Today our nation still stands as "One Nation Under God." As a nation we have come together to help one another in time of need. Although we have become independent of all other nations, we have formed a more stable democracy that guarantees people their God given rights to life, liberty, and property, and it is based on our Christian principles that "all men are created equal."

We have formed a government which is to benefit our people in all ways. We have formed a Constitution which is a fundamental law for all and it tells us how to elect our officers and run our government in a correct and efficient way. In our Constitution, the first ten amendments, called the Bill of Rights, are based on the Ten Commandments.

We have abolished any kind of dictatorship or any kind of communistic government (within our shores). We have made our America a true mosaic of cultures and a wonderful land on which to live.

To me, all of these different parts of history and of our Constitution have helped to make our nation one that is under God and for God.

I think that Thomas Curtis Clark describes our nation very well in the few lines of his poem - "We Thank Thee."

"We thank thee, Lord, on this recurring day. For liberty to worship as we will; And may a spirit born of brotherhood inspire our hearts and bless our native land."

OUTDOOR TIPS

Lighter Lines Most Popular

Years ago the best selling fishing line tested over 14 pounds. However, with the advent of synthetic material, the most popular lines sold today are eight and 10 pound test.

Beaching the Boat

When beaching a boat in an area where waves are high, beach the craft stern first. With the bow facing the wave action you can prevent water splashing over the transom.

Protecting the Gunwales

If the anchor chain scrapes your boat's gunwale, slip a length of bicycle inner tube over it.

HANDY BOAT BAILER

A handy boat dipper can be made by cutting the bottom out of a half-gallon, or gallon, detergent bottle. Texas laws now require a bail bucket in every boat.

UNITED FUND MEETING

The Cameron United Fund budgeting committee will meet at 3 p.m. Tuesday, August 22, at the Cameron Chamber of Commerce. Organizations wishing to present requests are asked to notify Mrs. Barbara Smitherman, Chamber of Commerce, for scheduling on the meeting agenda.

NOTE OF APPRECIATION

We wish to thank Green's Ambulance service, Chief Castello, Dr. Nigliazzo, and staff of Newton Hospital for their prompt and efficient service at the time of our accident.

Also Rev. Lafferty, Rev. Chapman, and all our friends for their cards, visits and prayers.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars ($400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars ($400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional $200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional $200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

DOUBLE SHOWER FOR BRIDE-ELECT CAROL WILSON

A 'correspondence' shower added remembrances from friends in Ohio at a kitchen shower honoring Miss Carol Ann Wilson in Cameron Saturday evening.

Mrs. James Camp was hostess for the kitchen shower at her home with friends from Cameron, Dallas, and Central Texas attending. Gifts from Ohio were from friends and relatives of the prospective groom, John Wayne Corlett of Richardson.

A gift table in the living room was centered with a white tree limb holding miniature kitchen utensils and paper flowers which opened to reveal receipes for the bride-elect.

Cream puffs and punch were served from the buffet where vegetable shaped candles and pepper plants carried out the kitchen party theme. Mrs. Kenneth Thweatt and Mrs. Carrol McElwrath assisted at the buffet.

Special guests for the shower were Mrs. John E. Corlett of Richardson and Mrs. Roy H. Bland of Taylor, mothers of the honored couple, Mrs. Henry Wilson of Hearne and Mrs. Dewey McElwrath of Cameron, grandmothers of the bride.

Out of town guests included Mrs. Earl Ericson of Richardson, Mrs. Roy Keith and Kay Karen Keith of Temple, Mrs. Homer Plentl and Mrs. Don Ingram of Kileen.

SHOWER HONORS MISS RICHTER

Miss Barbara Ann Richter of Houston, bride-elect of Larry Cook of Houston, was honored Sunday afternoon with a miscellaneous shower at Hope Lutheran Church educational building in Buckholts.

The refreshment table was laid with a light green cloth overlaid with white net. A bride doll trimmed in pink was used as the centerpiece. The bride's chosen color of light green was carried out in decorations throughout the room.

Mrs. Ervalin Jungmann of Columbus registered guests.

Guests were greeted by the hostess, Miss Richter, Mrs. Lawrence Richter, mother of the honoree, Mrs. Fred Richter and Mrs. Johnny Jungmann, grandmothers of the bride-elect.

Decorated cake squares were served by Mrs. Ernest Weidner Jr. of Houston and Mrs. Boyd Arnold served punch from a crystal bowl.

Forty-five guests registered during the afternoon.

The wedding will be at 2 p.m. September 2 at Our Redeemer Lutheran Church in Houston.

Rogers Schools Set Opening Date, Announce Schedule For First Day

ROGERS

The 1967-68 school year will begin for the faculty of Rogers Public Schools on Wednesday, August 30, at 9 a.m. with a general faculty meeting in the school cafetorium. Following the meeting, teachers will meet with their respective principals for the rest of the day.

The school year will begin for students on Thursday, August 31, at 9:30 a.m. Buses will run one hour later than usual that morning and one hour earlier than usual that afternoon. School will be out that first day at 2:30 instead of the usual 3:30. On Friday, Sept. 1, the school day will begin at 8:30 and run to 3:30. Monday, September 4 will be a Labor Day holiday for the school system.

Football season will begin Friday, Sept. 8 when the Rogers High Eagles play Reicher High in Waco at 7 p.m.

The faculty is complete except for a high school math and an English teacher.

The school will have a Special Education division again with two teachers, Harold Winslow and Mrs. Howard Hurry.

Administrators are the same: B. F. Harbour, starting on his 13th year here as superintendent; J. L. Chervenka, high school principal; and Darwin Schwertner, junior high and elementary principal.

High school students were preregistered last spring and will not come before August 21 unless they have schedule problems. Elementary and junior high students will register the first day of school. Students new in Rogers will register with their respective principals during the week of Aug. 21 to 25 between 9-12 a.m. and 1-4 p.m. Now first grade students who are not attending Head Start must bring their birth certificates.

The lunchroom will serve on the first day, Aug. 31.

Scramble Ends Women's Summer Bowling League

The Cameron Women's Summer Bowling League ended Monday night with a scramble. Final winners were:

1st Place - Gladys Titsworth and La Verne Slavik, 1118.

2nd Place - Diona Chamberlain and Jeannette Lopez, 1017.

3rd Place - Lois Matula and Annette Ashcraft, 1012.

4th Place - Clara Biskup and Kathy Matula, 1007.

5th Place - Carrie Gurecky and Dodie Butler, 1001.

6th Place - Laura Hurt and Lucille Huntsman, 990.

A hamburger supper followed the scramble and awards were made for the League. They were:

Winning trophies were Born Losers, 1st place and Pin Pals, 2nd. Winning bowling rain caps were Goofers 3rd, Spares 4th, and Twisters, 5th. Last place champion plaques went to the Spenders, 6th.

Winning trophies went to Irene Mees high individual game - 202; Geneva Paceley, high individual series - 658; Annette Ashcraft, most improved bowler - 17 pins and sportsmanship award.

CARD OF THANKS

We wish to express our deep appreciation for the many kindnesses extended us following the sudden deaths of our loved ones. Words alone cannot tell how much the thoughtfulness of our friends in Cameron meant to us at this time.

The Families of
Valarie Conner and
Nadine and Becky Baker

TJC Adds Computer Course; Registration For CTC Underway

Two area colleges are preparing for the September opening of classes, with announcements of new course additions and registration schedules.

Temple Junior College has added a data processing course to be taught in its new technical education building now nearing completion on the campus in southeast Temple. An IBM 1401 Series system is being installed and will be ready for use in September.

Mr. and Mrs. Garnett Frazier are instructors in the course. Frazier stressed the opportunities open in this field. "Good jobs are available for everybody who takes this training," he said.

Central Texas College will complete registration on the college site Sept. 12 and 13. Pre-registration is encouraged at the temporary offices at 615 N. 8th St. in Killeen to avoid delay at the start of classes.

Students planning to take evening classes may register each evening at 6. Registration for students taking both day and evening classes will be handled during day registration hours.

Central Texas College is located on Highway 190 West between Killeen and Copperas Cove, across from Ft. Hood.

Your French-fried-potato-eating youngsters will love this skillet supper, and their father will, too.

The youngsters will like it because it is chock full of their favorite "taters." Father will like it because it is his kind of a meat-and-potato dish, the meat this time being fully-flavored, no-fat, no-waste canned corned beef.

Another virtue of this recipe for Skillet-Scalloped Corned Beef and Potatoes is its ease of preparation. It's simple enough for youngsters to prepare, and you might even talk their father into being the "skilleteer."

If the 12-ounce can of corned beef is chilled several hours, it will cut into four, six or eight slices for topping the potatoes before cooking. Or the chilled meat can be cut into small cubes and stirred into the potato mixture before being heated through on top of the range. Either way, the good beef flavor of the canned meat will permeate the entire dish.

Skillet-Scalloped Corned Beef and Potatoes

2 tablespoons butter or margarine
1 medium onion, sliced
1 package (1 lb.) frozen French fried potatoes
2 tablespoons flour
1 teaspoon salt
½ cup grated sharp Cheddar cheese
1 cup milk
1 can (12 oz.) corned beef, chilled
Topping optional

Melt butter in large skillet; add onion and cook until tender but not browned. Add potatoes, flour, salt and cheese; mix lightly. Add milk. Top with corned beef which has been cut into 4 slices. Heat to boiling; reduce heat to very low, cover and simmer about 25 minutes or until potatoes are tender. If desired, sprinkle with topping just before serving. Topping: Lightly toast ½ cup soft bread crumbs in one tablespoon butter or margarine in small pan. Add two tablespoons chopped parsley; sprinkle over corned beef and potato dish.

Makes 4 to 6 servings.

CASUAL ENTERTAINING BEST FOR HOT WEATHER GET-TO-GETHERS

by Julia Hunter, Home Ec Director
Lone Star Gas Company

Keep entertaining simple when the weather is hot. Impromptu parties and casual get-togethers are more fun when the host and hostess are unflurried. For easy party giving, serve a number of dips. Offer assorted crackers, chips vegetable sticks, and fruits for dippers. Add a choice of cool drinks and the party menu is complete.

Bean and Bacon Dip

Check your pantry shelves for the ingredients for hearty Bean and Bacon Dip. It is especialy tasty with bacon-flavored wafers. Mix together 1 can (11¼-ounce) condensed bean with bacon soup (undiluted), ¼ cup chili sauce, 2 tablespoons minced green pepper, if desired, 1 teaspoon minced onion, and 1 teaspoon Worcestershire sauce. If smoother dip is desired, beat with mixer or blend in blender. Chill until ready to serve. Makes about 1½ cups.

Curry Dip

Add a Far East flavor with Curry Dip. Use raw vegetables for dippers. Combine 1 cup sour cream, 1 tablespoon curry powder, ⅛ teaspoon liquid red pepper, 2 teaspoons instant minced onion, ¾ teaspoon salt, and 1 teaspoon vinegar or lemon juice. Blend thoroughly and chill until serving time. Makes about 1 cup.

Liver and Onion Dip

Main dish flavor in a party food. Blend 1 can (4½-ounce) liver spread, ¼ cup sour cream, and 1 tablespoon instant minced onion. Chill until serving time. Makes about ¾ cup.

Celery-Olive Slimmer's Dip

For calorie conscious guests make Celery-Olive Slimmer's Dip. Only 12 calories per tablespoon. Mix 2 cups creamy cottage cheese, ½ cup finely chopped celery, ½ cup finely chopped olives, and ½ teaspoon salt. Chill until serving time. Makes 2½ cups.

Three Cheese Dip

Three Cheese Dip is cooked ahead and served cold. Place in a saucepan 2 cups shredded sharp natural American cheese, 3 ounces cream cheese, 3 ounces blue cheese and 2 tablespoons cream. Melt the cheeses over very low flame or over hot water. Add 4 ounces finely chopped pimiento. Remove from flame. Stir in ¼ to ½ cup fruit juice, enough to give "dipping" consistency. Pour into glass jar and chill overnight. Let stand at room temperature a few minutes before serving. Makes about 2 cups.

Nutty Fruit Dunk

Nuts are an "extra" in Nutty Fruit Dunk. Combine 1 cup creamed cottage cheese, 1 can (8-ounce) applesauce, and ¼ cup chopped salted almonds. Chill until serving time. Makes about 1½ cups.

Shrimp Dip

Shrimp Dip brings a touch of the sea to party menus. Drain and break into small peices 1 can (4½-ounces) shrimp (2-3rd cup fresh cooked shrimp may be used). Blend ¼ cup chili sauce, 2 teaspoons lemon juice, ½ teaspoon salt, ⅛ teaspoon pepper, 1 teaspoon prepared horseradish, and a dash of liquid red pepper. Fold in 1 cup sour cream. Add shrimp. Cover and chill until serving time. Makes about 2 cups.

Ginger Rogers won a Charleston contest in Fort Worth, and thereby entered upon the career that led to movie stardom.

MISS SIEBMAN IS HONORED AT GARDEN PARTY

Mrs. Ray Lester honored Miss Marsha Dell Siebman with a miscellaneous shower from 8 to 10 p.m. Friday.

Decorations in the bride's chosen colors, aqua and white, highlighted the garden setting for the party. A foil-covered wheelbarrow held gifts for the honoree. Straw baskets of flowers hung from the trees.

Guests presented Miss Siebman with copies of their favorite recipes.

Sandwiches, relishes and cake and tea were served.

Mrs. Jimmy Lester assisted the hostess.

HD Agent's Notes

By Christine Laws

Housecleaning fever can be seen in varying degrees at almost any time of the year.

The remedy? A basement-to-attic attack on dirt and this has been greatly simplified since grandmother's day.

Modern finishes, fabrics, and a general trend toward simplicity in decor have eliminated many of the tedious tasks once associated with home cleaning.

Whether the home is a tiny apartment or a large house, there are certain aids and pieces of equipment considered essential for ease of cleaning. These include floor and furniture waxes, an all-purpose vacuum cleaner with attachments, a heavy duty detergent, window cleaning fluid, sponge and dust mops and a quantity of soft cloths.

In addition to these, there are many work-saving products and equipment, such as lightweight and portable vacuum cleaners, floor scrubbers, polishers and buffers, upholstery cleaning foams, rug shampoos and applicators, both manual and electric.

Value of any cleaning product or appliance is determined by its usefulness -- not its price. Multi-purpose products and equipment that do most of the work are the most valuable cleaning aids. For example, take cleaning and self-polishing waxes. Used frequently and in thin oats, they not only keep surfaces smooth and gleaming but also prevent soil from clinging and working down deep.

The vacuum cleaner with attachments has multiple uses for floor care, cleaning vents and crevices, and dusting walls, sills, baseboards and drapes.

WHAT'S NEW TO WEAR?

Disposable dresses - leather dresses - vinyl bikinis - garments of "chameleon cloth" that can be given a second set of colors when the owner gets tired of the first set.

Just as exciting are the new things being done to those long-time favorites, cotton and wool.

Many of the new "faces" you see on these familiar fabrics are results of research by the U.S. Department of Agriculture -- the development of chemical finishes to make these fabrics easier to care for, more comfortable, attractive, and durable.

Scientists in USDA's Agricultural Research Service helped develop the first processes for wash-and-wear cotton. They developed a process called "slack mercerization" that gives stretch to cotton fabrics. This method has been adapted by industry for sportswear, lounging apparel and other stretch clothing. The same process was later applied to cotton lace, giving it a three-dimensional appearance as well as stretch.

A new process for treating wool, called "Wurlan" is used by industry to make woven and knit wool garments that can be machine washed without shrinking or matting.

A USDA-developed process for tanning leather makes it possible to launder leather garments without affecting their softness and beauty and opens up many new possibilities for the use of leather in wearing apparel.

Now under development are light-weight wool and cotton blends that resist shrinkage and wrinkles and hold a crease. They are wash-and-wear and, in tests, shirts laundered and tumble dried more than a dozen times looked as smoothly pressed as when new.

SLIPCOVERS

Slipcovers can set the stage for a complete redecorating job in any room, says Mrs. Jane Berry, Extension housing and home furnishings specialist with Texas A&M University. They can dictate the color scheme, add interesting patterns and textures, or introduce a bold new color.

Slipcovers can be designed to call attention to certain furniture pieces while putting others in the background. Covers in similar fabrics can be used to tie together unrelated pieces of furniture.

They can add style and flair to an uninteresting room and at the same time protect delicate fabrics and hide worn ones.

Firmly woven fabrics are recommended for sturdy slipcovers. A wide choice of colors, textures and weaves is available. Your choice should fit in with your decorating scheme, so decide on the mood or character you wish to create in the room before selecting the fabric.

Choose light, clear colors for a lively, lighthearted room: smooth fabrics such as polished cottons and damasks, for a feeling of elegance: and rugged fabrics in strong colors for room where furnishings receive hard wear.

On the practical side, preshrink the fabric before you start making the slipcovers, and be sure the fabric is colorfast. New finishes that repel both water and oil-borne stains and resist wrinkles are desirable.

Pay attention to details of slipcovers. The trim or extra touch can make slipcovers distinctive and individual.

HOME ECONOMICS BRIEFS:

Understanding fibers, fabric characteristics, and care makes it easier to buy wisely and prolong the life of garments, clothing specialists say. It is necessary to continually study the clothing needs of family members in terms of activities, special interests, and total family income. Then study fabrics, their fiber content, and finish.

WSCS CIRCLES MEET FOR STUDY

The circles of the Woman's Society of Christian Service met on Monday and Tuesday mornings to continue their Bible study.

The Rawls Circle met with Mrs. Don Humble with 16 members present. Mrs. W. O. Triggs led the study.

The Brewer Circle met with Mrs. Ed Gunn with Mrs. Grady Stidham as co-hostess. Nine members were present. A new member, Mrs. Nichols, and two guests from the Howard Circle were welcomed.

The Sapp Circle met with Mrs. Lane Horstmann with seven members present. Mrs. Horstmann led the study.

PERSONALS-

Attending the 40th annual Retail Grocers Association in Corpus Christi from Cameron this week were Mr. and Mrs. D. R. Laywell.

Also in Corpus for a brief vacation were the Warren Rinns of Cameron.

Mr. and Mrs. Ed Magre are vacationing with relatives in the St. Louis, Missouri area.

Also leaving for St. Louis this week are the Harry Shanks family.

Mr. and Mrs. John Henderson Jr. and children will visit relatives in Beaumont and Rusk on a 10 day Texas vacation. They also plan a day at Six Flags before returning to Cameron next weekend.

The Lake (Boots Stroups have vacationed in New Mexico.

The Robert Manns and Wayne Manns enjoyed a cool weather vacation in Colorado.

The James Brocks returned from a vacation in Utah, Idaho, Wyoming, Colorado and New Mexico last week with an overnight in Dallas enroute home to visit Six Flags. Beth Brock was one of many teenagers on hand for a concert by The Monkees.

Mrs. Henry McLane and family: Verna Heintz, Don Rickey, Scottie Slavik, Mrs. Jim Crouch, Mrs. E. L. Muse, Mrs. Hershel Walker, Rebecca Sue and Davis and Mrs. Sue Heaton and daughter Pam have returned from a 5,000 mile motor tour of 23 states and Canada where they visited Expo '67. In Lily Dale, New York they attended a Sunday School Conference of the Spiritualist Church which Mrs. E. L. Muse has served as General Chairman for the past three years.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Ralph Russell Kendall, Defendant, Greeting:

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the District Court of Milam County at the Courthouse thereof, in Cameron, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 25th day of September A.D. 1967, to Plaintiff's Petition filed in said court, on the 8th day of August A.D. 1967, in this cause, numbered 15,831 on the docket of said court and styled Viola Alma Kendall, Plaintiff, vs. Ralph Russell Kendall, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

This is an action brought by Plaintiff to obtain a divorce from Defendant, on the ground of cruelty.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Grady Allen, Clerk of the District Court of Milam County, Texas.

Issued and given under my hand and the seal of said court at Cameron, Texas, this the 8th day of August A.D. 1967.

Grady Allen, Clerk
District Court Cameron, Milam County, Texas

Tax Questions And Answers

This column of questions and answers on Federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q - I'm being asked for my social security number by my savings bank. What do they need it for?

A - All savings instutitions are required by law to report payments of dividends and interest amounting to $10 or more a year to IRS. The law requires these payments to be identified by the social security number of the recipient.

Q - When is the next installment due of my estimated tax?

A - The next quarterly estimated tax payment is due September 15.

Q - My former husband gives me $25 a week for the support of our two children. Who gets to claim them?

A - If your divorce agreement specifies $25 a week for the two children, then the payments will be applied equally to each child. In that case, you or your former husband would claim one or both children depending on which of you provided more than half their separate support.

Q - When do I have to get my highway use tax return in?

A - Those liable for the use tax on highway motor vehicles must file Form 2290 by August 31. Copies of the form and instructions for completing it may be obtained by sending a post card to your district office. Ask for a copy of Publication No. 349, "Federal Use Tax on Trucks, Truck Tractors and Buses."

Q - My neighbor told me I could take a two cent credit for every gallon of gas I use in my motor boat. Is that right?

A - Yes. A credit of two cents for each gallon of gasoline you use in operating a motor boat, airplane or power lawn mower may be taken when you file your income tax return.

Publication No. 378, "Federal Gas Tax Credit on Refund for Nonhighway and Transit Users," contains information about other credits available to such users of gas and oil. You may obtain a copy by sending a post card to your District Office.

CAMERON, TEXAS' HERALD, AUG. 17, 1967 Page 1a

AT CITIZENSHIP SEMINAR - Milam County Farm Bureau sponsors three high school students to annual Citizenship Seminar held this week at Baylor University, Waco. Students selected must be entering 11th or 12th grades in September, be in upper 30 percent of their class scholastically, and have character and leadership ability. Pictured left to right are: Carolyn Yakesch, Milano; Dennis Hengst, Thorndale; and Carol Sue Lucko, Cameron.

On Farm Programs

BPA Seeks Ideas

The Blackland Cotton and Grain Producers Association wants ideas from its members on what changes should be made in the 1968 cotton program. They will be presented at a meeting in Dallas August 29 to U.S. Department of Agriculture officials.

"Changes in the program for 1968 are already assured. The big question is: how will the cotton program be changed, and to whose benefit?" Dan Pustejovsky, Hillsboro, legislative chairman, BCGPA, said.

USDA recently announced a series of 14 meetings to be held throughout the cotton belt. Suggestions presented will be forwarded to Agriculture Secretary Orville Freeman for his consideration in making 1968 program changes.

"This will be an extremely important meeting for the future of cotton in the Blacklands. And for the first time, Blackland cotton farmers will have a united voice in making its recommendations known," Pustejovsky said. Cotton farmers having suggestions for 1968 program changes should write to the Blackland Cotton and Grain Producers Association, Box 1125, Taylor, Texas 76574.

The current situation facing cotton is the big reason for these hearings. USDA estimated recently cotton production this season will be 8.3 million bales, the smallest since 1921. Acreage at 9.7 million acres is the smallest since the 1870s.

The prospect is that surplusses could be eliminated during this marketing year.

Existing statutes give the secretary of agriculture some discretion in making cotton program decisions, and views and recommendations for the 1968 program obtained at the meetings will be taken to the secretary for his consideration.

Several changes have already been offered. One is to reinstate the skip-row program. Another is to cut the diversion payment rates. Another is to increase the national allotment to 23,000,000 acres. Another would call for no production increases during 1968. Still another would provide for more acreage for the longer staple producers at the expense of the short staple producers.

"We in the Blacklands for years have been taking what's left of the cotton program. We have been paying for it, too. Now, we have an opportunity to let USDA know our thinking on the matter. If we fail to act now, we might as well quit growing cotton altogether," Pustejovsky said.

He said many of the suggestions now going around would badly hurt the Blackland cotton farmer, "and this in turn would seriously hamper the entire Blackland economy."

Pustejovsky and Kenneth Johnson, Hutto, acting president of BCGPA, said all cotton and grain farmers are invited to join the association and present their ideas. Dues are $5 per year. Checks can be mailed to Blackland Cotton and Grain Producers Association, Box 1125, Taylor, Texas 76574. Dennis Johnson is treasurer. Steering committee is composed of John Nigliazzo, Robertson County; Ray Sawyer, Hill County; and Kenneth Johnson.

FARMERS TO ELECT ASC COMMITTEE

ASC farmer-committeemen who will serve for the next year as local administrators of national farm-action programs will be elected September 20.

According to Ted Ford, Chairman, Agricultural Stabilization and Conservation County Committee, eligible voters of Milam County will cast ballots for community committeemen by mail.

Qualified voters in the election are all farmers who are eligible to take part in one or more of the farm programs which the committees administer. Lists of eligible voters in each community are available for public inspection in the ASCS county office.

The community committee the farmers elect from among their own number consists of a chairman, a vice chairman, and a third regular member, as well as two alternates. The regular members of the committee also serve as delegates -- and the alternates as alternate delegates -- to a county convention, where farmers will be elected to fill vacancies on the ASC county committee.

The chairman stressed the importance of electing representative farmers as committeemen in view of their broad program responsibilities. Program administered by the committeemen include the Agricultural Conservation Program, the Cropland Adjustment Program, acreage allotments, marketing quotas, commodity loans, the feed grain program, the upland cotton diversion program, the voluntary wheat program, the National Wool program, and farm storage facility loans.

Poage Granted Honorary Degree

WACO

Rep. W. R. Poage of Waco, chairman of the House agriculture committee, will be granted an honorary Doctor of Laws degree by Baylor University at its summer commencement August 25.

The honor to Cong. Poage, representative in Congress from this Central Texas district since 1936, was announced Tuesday by Abner V. McCall, Baylor president. Poage was unanimously recommended by the faculty and approved by the 48-member Baylor board of trustees.

Poage received his B.A. degree from Baylor in 1921 and his law degree in 1924.

Baylor's summer commencement will be held at Waco Hall at 10 a.m.

Peace Corps Offers Tests Saturday At Temple Post Office

Cameron area residents interested in serving with the Peace Corps in developing nations are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, August 19 at Main Post Office Building in Temple.

The test measures general aptitude and ability to learn a foreign language, not education or achievement. It is given to determine where and how an applicant will be happiest and best utilized overseas. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail. The test takes approximately one hour and a half.

Persons interested in serving with the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before the test. Application forms are available from local post offices or from the Peace Corps in Washington, D.C. 20525.

AUCTION REPORT

There were 675 cattle and 200 hogs consigned to the Cameron livestock auction Thursday, according to auction barn officials. Prices paid were:

Slaughter Calves	23.00	26.00
Common & Med.	21.00	23.00
Culls	20.00	21.00
Good & Choice Stocker Steer Calves	26.00	30.00
Heifers	23.00	26.00
Med. to Good Stocker and Feeder Steers	24.00	26.00
Cows and Calves:		
Good	185.00	210.00
Medium	160.00	170.00
Plain	140.00	150.00
Hogs: No. 1 to 3	20.00	21.50
Sows - all classes	14.00	17.00

COUNTY AGENT'S NOTES

—By—

J. D. MOORE

Comparison of dessicants in 1966: Paraquat plus D.E.F. showed $7.11 advantage over arsenic acid in a test last year, reports Fred Elliott, cotton work specialist at A&M. The average on Paraquat plus D.E.F. treated cotton was 1779 pounds of stripped cotton to get a 518 lb. bale as compared to 2140 pounds of arsenic acid treated cotton to get a 490 pound bale. The Paraquat D.E.F. test had 370 pounds less ginning cost, 32 pounds more seed and 28 pounds more lint cotton. The advantage was $7.10 in favor of the Paraquat D.E.F. treated cotton.

A number of calls were received asking for information on using Malathion on stored corn. Entomologists recommend that a half pint of 57 percent Malathion in 2 gallons water be sprayed over the corn after leveling the corn down in the crib. Some local farmers use two tablespoons of Malathion in one gallon of water sprayed on corn as it goes into the crib. Milam Grain Co. has a spray attachment on their unloader. A nozzle sprays the corn as it goes into storage.

Many are not aware of the presence of weevils in ear corn before it leaves the field.

Many factors enter into the choice of a variety but the choice can be very important in obtaining satisfactory yields. The Texas A&M researchers usually recommend several varieties, if this is practical, so that growers may exercise some choice depending upon needs. The choice of a variety is influenced by whether the crop is seeded on dryland or irrigated, low or high fertility conditions, used for grazing, or grain production or a combination of the two. Lodging and shattering are important considerations. Finally, quality is a major consideration in wheat.

During recent years, Texas has built up an enviable reputation for good quality wheat. The rapidly expanding acreages of Tascosa, Caddo, Quanah, Kaw, Bison, Warrior, Scott, and Crockett have contributed to this. The release of sturdy wheat for irrigated production areas should further improve quality.

"Sturdy" TAES Leaflet L-708, is the new short stature wheat recommended for growing under irriagtion and in the higher rainfall area of central Texas. Both hard and soft winter wheat may be used in our area. The hard wheat varieties recommended are Sturdy, Caddo, Quanah and Gage. The Triumph wheats and the new varieties Parker and Guide may be used but are very susceptible to leaf rust. If a soft wheat market is available without price discount, growers may use Riley 67 and Knox 62.

Riley 67 is highly resistant to leaf rust, and loose smut and as these diseases are very important in this area, this new variety should replace some of the more susceptible varieties.

Foundation seed of Riley 67 will be maintained at the Denton Station. For grazing and grain, Atlas 66 has performed well in this area. Willie Moraw of the North Elm Community made a good wheat crop in 1966 using Atlas 66. The Billie Ellis Dairy got excellent winter grazing with Atlas several years past.

The best rust resistant oat varieties are Ora, Nora, Suregrain, Florida 500 and Houston. Other adapted varieties are Alamo x, Taggart, New Nortex and Moregrain. Suregrain, Houston and Florida 500 are less cold tolerant than the other varieties.

Bonel is a new rye variety, similar to Elbon, which is reported by the Noble Foundation to be more productive. Elbon, Gulf Coast, Gator and Explorer are excellent winter forage ryes. Weser and Emory are new Georgia varieties which have recently been released.

Because of the expense involved, winter grazing results in this area have been disappointing. However, it is about time we had a favorable season.

Dead Spots In Your Lawn? Fade-Out May Be The Cause

COLLEGE STATION

If dead spots are appearing in your lawn, fade-out may be the cause rather than chinch bugs or other insects.

Specialists with Texas Agricultural Extension Service at Texas A&M University say that fading-out resembles the damage done by chinch bugs or bermuda mites, but it results from improper turf management. The absence or presence of insects may be the deciding factor.

During the hot, dry summer months the grass is under the stresses of low moisture, imbalanced fertilizing, improper mowing and build-up of thatch. In the weakened condition brought about by this stress, the grasses are attacked by disease causing organisms that cause the fading-out.

Precautions against fade-out suggested by the Extension specialists, include the proper watering of the turf. Stress occurs when the grass has been lightly and frequently watered. This causes the grass to develop a shallow root system and sensitivity to drouth conditions.

Another factor in the control of fade-out is the maintenance of a balanced fertilization program, including nitrogen, phosphorus and potassium. When using a nitrogen fertilizer, homeowners are cautioned that excessive use can favor fade-out and the proper balance of fertilizers should be made before buying.

Soil compaction in some areas of the lawn prevents water infiltration, nutrient penetration and gaseous exchange between the soil and atmosphere. This contributes to fade-out, and aeration of the soil in well traveled areas of the yard is suggested.

Fade-out also results when trees grow thick foliage because of heavy watering and added fertilizer. This thick canopy shades out the grasses and when the grasses are mowed and the leaf surface is reduced, fade-out results.

Frequent mowing of the grass to avoid cutting over one-third of the total leaf surface is recommended to protect against fade-out.

INSTITUTE AT A&M

"The Future of the Industry" is the theme for the 1967 Institute to be held at College Station's Ramada Inn, September 21-22. All levels of livestock and meat industry are expected to be represented. Cong. Graham Purcell of Wichita Falls will be featured speaker.

WHEAT FOR BARLEY

A farmer who wishes to grow wheat instead of barley for 1968 harvest may substitute wheat for barley within the barley base acreage established for his farm, reports the U.S. Department of Agriculture.

"WHEW! ...IT'S BEEN HOT!"

"And I've been really busy keeping you folks cool!"

Throughout most of Texas, it's been another hot summer. But, in thousands of homes and businesses, Reddy Kilowatt and electric air conditioning have been on the job providing cool comfort.

So, if your electric service bill is higher, think of the many extra hours of work you've asked Reddy to perform.

Electricity is still the biggest bargain in your household budget!

they never sleep

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Copyright 1967 Keister Advertising Service, Inc., Strasburg, Va.

"In every city, there are places that never sleep. Industries, hospitals, police stations, fire stations, churches . . . yes, churches! Oh, you may drive past one at three in the morning and find the building dark, but the Church is not asleep!

For the Church sets the moral tone of our society and without the concern that the Church injects into our community there would be no hospitals, nor homes for children and the aged, nor even police and fire stations. It was only after people learned to care about each other that they began to provide these services, and His Church has always cared. "As I have loved you, love one another."

Every minute of every day and night, compassionate hands are reaching out to someone in need because the Church is awake to that need.

The Church is made up of people. When you become a part of a church, you have contributed to the continuity of its work which has sustained and refreshed humanity through the centuries. Also, you are helping to perpetuate and strengthen your own faith.
